

NEWS APRIL 2016 – Habitat for Humanity of the Coachella Valley

Saturday, April 2 was the 6th Annual Veterans Expo at the Indio Fairgrounds. This annual event, saluting our military, past, present and future, is produced by the Veterans Easy Access Program of the Salvation Army. Starting off with a dramatic flag raising, via a giant crane, the program continued with speeches, tributes, and great music from the Boys & Girls Clubs of Coachella Valley Jazz group, plus a WW II Follies variety show. Over 70 organizations serving the military were represented and Habitat was there, spreading the word about the two veterans' homes being built in Palm Desert.

U.S. Representative Raul Ruiz and Supervisor John Benoit stopped by the booth to get more information about the Habitat for Humanity Coachella Valley program.
